

Job Description – Chef / Chef Baker/Night Cook Baker

Job Purpose

To support the effective delivery of catering, accommodation, and ancillary services on an offshore installation, in line with established work routines or task analysis, and the defined scope of services. The Chef / Chef Baker / Night Cook Baker plays a key role in maintaining high standards of service and in supporting the health, comfort, morale and well-being of all personnel onboard. This role is essential in contributing to a positive living and working environment, while ensuring full compliance with offshore safety, health, and hygiene regulations, as well as the offshore installation and Company procedures at all times.

Main Duties / Tasks

- Ensure all meals are served on time, to company standards and client expectations
- All food to be prepared and cooked whilst adhering to the Food Safety Act (particularly the recording of temperature controls and overall food hygiene)
- Manage and rotate stock to ensure food safety and minimum wastage and achievement of contract food costs, using date marking on all necessary products
- Assist head chef/chef manager in ensuring that any duties carried out under their control are done so safely.
- Help the head chef/chef manager to maintain catering budgets and ensure resources are used efficiently
- Adhere to galley cleaning rotas
- Assist in menu compilation
- Report any hazards or other irregularities
- Report any loss or damage to inventory
- Assist the head chef/chef manager to maintain catering budgets and ensure resources are used efficiently

- Help with any other tasks you're able to do when needed, such as unloading containers

Additional Information

Responsibility for Machinery / Equipment / Materials / Consumables

- Ensure equipment is used correctly, operated safely, maintained and kept clean and hygienic
- Carry out all work in line with Risk assessments, Safe Systems of Work, COSHH and Health and Safety at Work Act
- Where applicable, provide recommendations to required replacements, replenishments and purchases

Decision Making

- Take part in regular reviews and help identify and implement improvements
- Take responsibility for addressing your own development needs and future training requirements
- Fully support and participate in all client and company safety initiatives and training

Communication / Contact with Others

- Participate in pre-shift briefings with all members of the team, covering subjects such as routine information and any actions regarding customer complaints
- Report any customer complaints immediately and take the necessary action if appropriate
- Develop positive relationships with clients, actively seeking client and customer comments, being 100% aware of the perception of company service on the unit
