

Job Description - Chief Steward

Job Purpose

To support the effective delivery of catering, accommodation, and ancillary services on an offshore installation, in line with established work routines or task analysis, and the defined scope of services. The Chief Steward plays a key role in maintaining high standards of service and in supporting the health, comfort, morale and well-being of all personnel onboard. This role is essential in contributing to a positive living and working environment, while ensuring full compliance with offshore safety, health, and hygiene regulations, as well as the offshore installation and Company procedures at all times.

Main Duties / Tasks

- Work efficiently using available resources to deliver services to agreed standards in all areas such as accommodation, galley, mess, laundry, public areas and facilities
- Responsibilities include Cleaning, buffering, Hoovering, sweeping and washing floors, walls and ceilings
- Ensure cleaning schedules are carried out
- Accompany supervisor on daily and weekly inspections of areas of your responsibility
- Assist in the preparation and serving of meals
- Liaise with all staff to ensure efficient amounts of all stock and equipment is supplied
- Adhere to deep cleaning programme
- Report any hazards or other irregularities
- Report any loss or damage to inventory
- Organise and manage all housekeeping and accommodation services safely and effectively
- Motivate, manage and monitor staff under your control by proper allocation of duties and responsibilities to ensure the company provide an excellent service
- Train staff to ensure all stewarding roles are properly covered

- Be present in the mess during mealtimes
- Plan and implement cleaning schedules for accommodation, fixtures and fittings
- Support the Unit Manager by taking on additional management duties to help run the unit professionally
- Manage bond and associated administration
- Help with any other tasks you're able to do when needed, such as unloading containers
